Situation Overview

- **California State of Emergency Proclamation**

On March 4, 2020, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the State prepare for broader spread of COVID-19.

- **Global Health Advisory**

On August 6, 2020, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on March 19, 2020, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov>.

- **Executive Order N-33-20**

On August 28, 2020, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

- **FEMA-4482-DR-CA**

On March 22, 2020, President Trump approved Major Declaration FEMA-4482-DR-CA (DR-4482) for the COVID-19 Pandemic.

Guidance

- All Facilities Letter (AFL) 20-47.1, which supersedes AFL 20-47, was distributed via CAHAN to notify hospice providers of a temporary waiver of specified regulatory requirements due to the state of emergency related to the Coronavirus Disease 2019 (COVID-19) outbreak. Additionally, this revision rescinds prior authorization to begin operations based solely on submission of an application and clarifies that a hospice provider seeking initial licensure must receive approval before providing care. The full AFL can be viewed at the following link:
<https://www.cdph.ca.gov/Programs/CHCQ/LCP/Pages/AFL-20-47.aspx>
- CDPH conducted a webinar on infection prevention for skilled nursing facilities on December 16, 2020, and a conference call for skilled nursing facilities on December 17, 2020, to provide updates on COVID-19. The notes for these calls were distributed via CAHAN.

Jet Fuel Demand

- Over the last seven days (December 14, 2020 through December 20, 2020) air passenger counts have increased to an average of 857,000 per day.
- Compared to the previous week (December 7, 2020 through December 13, 2020), the growth in air passenger counts have reversed and increased with the most current week up 24.0 percent. Compared to the same time last year, the week-over-week increase was only 9.9 percent. This week-to-week rebound in air passenger counts is reflecting a rise in air travel despite health officials' advice to limit travel. The recent and continued resurgence of COVID-19 cases may ultimately impede the typical seasonal rise over the next several weeks.
